## POSITIONS VACANT

### ARE YOU LOOKING FOR A TREE CHANGE?

Tree Tops Lodge might be just the thing! We are seeking physically fit, servant-hearted, mission-minded people to join the staff at Tree Tops Lodge Cairns. Having the ability to work harmoniously as part of a team is of the highest value, but it is closely followed by a willingness to work hard on a roster that includes some weekends and evenings. Tree Tops Lodge Cairns, in beautiful Far North Queensland, is a motel owned by Wycliffe Bible Translators Australia. It provides affordable accommodation for missionaries and the public in a peaceful, tropical environment. If you enjoy working in a team and are able to work on a roster that includes some weekends and evenings, we would love to hear from you. Commencement date: mid-2025, or sooner if ready.

### RECEPTIONIST POSITON

SIL Australia is looking for a volunteer receptionist at their training centre in Kangaroo Ground, Victoria. As a close partner with Wycliffe Bible Translators Australia, SILA prepares people for work in language development and Bible translation. Inspired by God's love, SIL's desire is to see communities around the world flourishing in the languages they value the most. We need a receptionist to be the first point of contact for students and visitors. On-the-job training will be provided and hours will be flexible.

## NEW MEMBER

### Lachlan Webb

Lachlan has a passion to see God's church strengthened through training and translation. During the past 20 years working in IT, he has also gained the training and qualifications necessary to help others have access to God's Word and train them in bringing it to others. Lachlan has completed an undergraduate degree with Moore Theological College, and will shortly complete postgraduate study, along with further study at SILA in linguistics.

Lachlan will be working to provide training and Bible translation support in Northern Australia. Nungalinga College in Darwin has invited Lachlan to join them in teaching translation to First Nations people from remote communities. When they have completed portions of the training, he will then travel out to their communities to initiate translation projects and help with projects that are already underway.
