

Transition Training

PREPARING FOR CROSS-CULTURAL LIFE AND SERVICE

24 JUNE - 3 JULY 2019 | BELGRAVE HEIGHTS, VICTORIA

About Transition Training

Transition Training (TT) is a 10-day live-in program provided by Missions Interlink. It examines a range of mission matters specifically focused on enabling participants to effectively transition from one culture to another. TT is divided into three main areas – spiritual, cultural and relational – which consistently engage with Scripture. Transition Training has recently updated its material by applying adult learning methods, which encourages interactive, mutual learning. Based around Learning Goals, TT requires participants to engage in their own learning development. The various elements of the program are fully integrated and therefore we require full attendance during the course. Some material, which requires completion, may be sent to participants before the course. Details about the course are intentionally not available prior to the course.

The benefits of the program are:

- Training program based on adult learning methods.
- Individual learning goals providing participants with the opportunity to direct their own learning.
- A program specifically designed to help children make this transition.
- A team of experienced facilitators drawn from a variety of missions and situations.
- Community living, enabling peer support and interaction.

Cost & Details (gst free)
